

**COLLEGE ACCEPTANCE AND MATRICULATION REPORT
CLASS OF 2011**

The Arlington High School Guidance Department is pleased to announce the postgraduate statistics for the Class of 2011.

Members of the Class of 2011 received a commendable number of acceptances to colleges near and far. Applications to two and four year colleges increased as students held their own against stringent competition for admission slots. We are proud of our grade 12 students who forged on to reach their goals in a continued rocky economy, which included the loss of jobs and homes. Our students kept their heads high, expanded their options, and found the courage to explore schools both in and out of state as well as out of the country. We are in awe of the students whose highest-level achievement earned acceptance to six of the eight Ivy League schools. We are equally touched by some of our two-year college enrollees who, at one time or another, never imagined that they would continue on to college. Some students found their niche in a hands-on technical environment and others found that a GAP year program best suited their goals at this point in time. We are proud of all our graduates!

Here are some impressive facts:

- AHS guidance counselors processed 1,998 transcripts (1,595 in 2010 and 1,261 in 2009) for the Class of 2011. For the first time in AHS history, Counselors progressed to utilizing Naviance for the transmission of high school transcripts, counselor letters of recommendation, the AHS High School Profile, and the Secondary School Counselor Report Forms on-line. Of the 1,998 transcripts sent to colleges, 1,746 transcripts were sent on line, a total submission of 87% of the transcripts being submitted in this fashion. This transcript number reflects a high percent of transcripts being submitted on-line, considering the fact that a number of colleges have not yet developed an on-line application process. Counselors are required to ‘snail mail’ copies of the transcripts and supporting materials to said colleges. (Statistics drawn from Naviance data)
- Students in the Class of 2011 applied to 338 colleges in 40 states, as well as Canada, England, and Japan. (Statistics drawn from Naviance data)

- **Students in the Class of 2011 received acceptances to 258 colleges in 37 states as well as Canada, England and Japan. (Statistics drawn from Naviance data)**
- **Students in the Class of 2011 elected to matriculate at 122 colleges in 26 states and Canada**
- **While AHS students clearly prefer to attend New England Colleges (79% in 2011), Naviance statistics show that there has been a marked increase of matriculation to other geographic areas over the past five years. (2011:21%; 2010:15%; 2009:14%; 2008:13%; 2007:12%). Over the past five years, students have also applied to and/or matriculated to colleges in a variety of countries including Canada, England, France, Greece, Ireland, Japan, Scotland, and Slovakia.**
- **Naviance statistics show that over half of the four-year college applicants from AHS continue the trend to enroll in private colleges (58.4%), while 41.6% are enrolling in public colleges. Our two-year college applicants continue to remain in state (96.6%). The four-year private college trend may be a reflection of greater access to financial support made available through private college endowments and federal aid, as compared to the federal aid available at public colleges in difficult economic times. This pattern might also be a reflection of limited admissions slots in public colleges due to increased demographics.**
- **According to The Senior Survey, a self report completed by all seniors, 60% of our students were accepted to their first choice college, 82% were accepted to their first or second choice college, and 90% of our students were accepted to their first, second, or third choice college or university.**
- **Students in the Class of 2011 received overwhelming financial support from the Arlington Community in the form of scholarships, with awards totaling over \$379, 975 (AHS Community) (\$443,725 with Dollars For Scholars awarded to members of the Class of 2011 and several other reported scholarships). Many thanks to the Arlington community for its continued support of the Arlington High School students!**
- **It is clear that colleges have a high interest in Arlington High School students, with approximately 70 college representatives scheduling visits to recruit AHS students on our campus, and with 125 college representatives signing on to recruit AHS students at our annual Spring College Fair.**

According to the Arlington High School SIMS data, college acceptance and attendance has increased slightly. This is a noteworthy feat in stringent economic times with high demographics producing record breaking numbers of students vying for limited admissions slots, with waning means to fund the cost of a college education.

The SIMS data is as follows:

AHS PROFILE DATA TABLE

	2006-2007	2007-2008	2008-2009	2009-2010	2010-2011
Percent to 4-Yr. College	75%	76%	79%	77.3%	79.09%
Percent to 2-Yr. College & Technical Programs	16.6%	11.8%	13%	13.4%	15.33%
Percent Continuing Education	91.6%	87.8%	92%	90.7%	94.42%
Percent to Military	.3%	1.4%	.3%	1.5%	2.44%
Percent to Gap Year and Other	4.7%	7.1%	3.7%	6.2%	1.05%
Percent to Work Force	3.3%	3.2%	4%	1.5%	2.09%

And here is the most exciting information of all...!

Last, but certainly not least, we are pleased to present the future plans of the Class of 2011. This year, we are providing a complete list of colleges to which our seniors have been accepted along with information as to which colleges our seniors have elected to attend. This list represents a culmination of four years of rigorous course work. We are so very proud of our grade 12 students and wish them the best of luck in their future endeavors!

College Acceptances for the Class of 2011	State in Which College Is Located	Number of AHS Students Accepted To This College	Number of AHS Students Who Are Electing To Matriculate At This College
