

School Committee Seeks Associate Member to the Transportation Advisory Committee

The Arlington School Committee is seeking to appoint an Arlington resident to serve as an Associate member to the Transportation Advisory Committee (TAC). The TAC was established by the Arlington Select Board to advise it on all transportation and traffic safety-related matters involving vehicles, pedestrians, transit, and bicycles. Associates will assist the Committee in performing necessary studies, participating in Committee deliberations, and helping with such other matters as needed for the various activities of the Committee. The TAC meets on the second Wednesday evening of the month at the Town Hall.

Interested parties should submit a letter of interest and resume to Karen Fitzgerald, Administrative Assistant to the Arlington School Committee, by email to: kfitzgerald@arlington.k12.ma.us on or before Monday, September 16, 2019.

No prior transportation experience is required, just a strong interest in addressing transportation needs in Arlington.
